Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. HALL'S CATARRH MEDICINE acts through the blood for the removal of the cause of the system, thus relieving the inflammation and restoring normal conditions. Catarrh Free. All Druggists. F. L. Paging Mr. Price Reduction!

We now believe prices have reached as low a level as can be expected for some time to come, until a medium of exchange is established with Europe so trade relations may be resumed with them and freight rates are reduced to normal we can see no lower prices in sight. Take a calm and honest survey of the prices quoted below and you will find them very little above prices for 1914. We believe the causes for a buyers' strike are removed and think all careful buyers should now buy their needs. Some merchandise is very scarce and hard to get, but most merchandise is fast getting back to normal.
